*** PLEASE MAKE SURE Attendance Sheet is completed each session***

I have tried to make the titles fit in with Easter so that the Daniel stories are split as above.

Having discussed this with a few of you just before Christmas, our current numbers mean that two teachers are not really required due to small numbers in this age group. I have put two names down still, but only one is likely to be needed. This will allow easier changes if someone needs to be away one of the weeks as they can agree this with the other teacher on with them. I am still available for emergencies. Let's try this please!

We can then review the situation after this term. Let me know if you can see any errors please. - Barry
